

**Dr Dianne Jackson-Matthews**  
**Deputy Group Director of Regulatory Affairs**  
**ERA Consulting (Australia) Pty Ltd**

Dr. Jackson-Matthews is Deputy Group Director of Regulatory Affairs for the ERA Consulting Group, and Director of ERA Consulting (Australia) Pty Ltd in Brisbane. Other ERA locations are London, Germany and Washington DC. Dianne has over 20 years experience in regulatory strategy development and submissions spanning the areas of drugs, biotech/biologics and cell-based products.

Prior to joining ERA in 2001 as the Director of the Washington DC office, Dianne was the Director of Regulatory Affairs at Unigene Laboratories, Inc., New Jersey, USA, where she gained extensive development experience over a 12 year period in the production and testing of biotechnology products. Dianne has experience in regulatory and technical strategies and agency interactions. She also has 6 years experience with *in vitro* diagnostic devices in the USA.

Dianne received her Bachelor's degree, with Honours in Biochemistry, and her PhD in Microbiology / Immunology from the University of NSW. She completed 4 years post-doctoral research at the University of Pennsylvania, and later as a Research Assistant Professor at Temple University Medical School, Philadelphia.
